Thank you for choosing **Advanced Pain Care and its subspecialties, affiliated and related entities** your health care provider. The following is our Financial Policy. If you have any questions or concerns about our payment policies, please do not hesitate to ask our business office personnel. We ask that all patients read and sign our Financial Policy prior to seeing a medical care provider.

A patient's portion of payment, including co-pay, deductible, and/or balance on account is due at the time services are rendered unless prior arrangements have been made with the Billing Department.

We accept assignment with most major insurance companies and participating provider plans. However, you must understand that:

1. Your insurance policy is a contract between you, your employer, and the insurance company. We are NOT a party to that contract. Our relationship is with you, not your insurance carrier. We verify your benefits as a courtesy and do not guarantee coverage or payment.
2. All charges are your responsibility whether your insurance company pays or not.
3. Fees for services, along with unpaid deductibles and co-payments, are due at the time of treatment.
4. If the insurance company does not pay your balance in full within 30 days, we ask that you contact the carrier to request prompt payment. Please inform our office of the carrier's response.
5. Returned checks will be subject to a $25.00 collection charge. If the check is not picked up within 10 days, the check may be turned over to law enforcement.
6. No-show or cancellations without 24-hour notice are subject to a $25.00 charge.
7. Unpaid balances over 90 days may be subject to collection via small claims court, attorney, and/or collection agency with applicable collection fees. All collection fees are the responsibility of the patient.

We understand that temporary financial problems may affect timely payment of your balance. We encourage you to communicate any such problems so that we can assist you in the management of your account.

Authorization to Release Billing Information and Assignment of Insurance Benefits: I authorize release of **ANY** medical information, including substance abuse, mental health, and HIV/AIDS records, required to act on **ANY** medical insurance claim and permit photographic or other facsimile reproduction of this authorization to be used in place of the original assignment. INFORMED CONSENT - PAIN MANAGEMENT AND ADDICTIONOLGY

AS REQUIRED BY THE TEXAS MEDICAL BOARD REFERENCE: TEXAS ADMINISTRATIVE CODE, TITLE 22, PART 9, CHAPTER *170 3 Rd Edition: Developed by the Texas Pain Society, April2008 (www.texaspain.org)*

Patient name: _____ DOB: _____

PLEASE READ AND SIGN THE BOTTOM OF THE FORM SIGNIFYING CONSENT AND UNDERSTANDING

TO THE PATIENT: As a patient, you have the right to be informed about your condition and the recommended medical or diagnostic procedure or drug therapy to be used, so that you may make the informed decision whether or not to take the drug after knowing the risks and hazards involved. This disclosure is not meant to scare or alarm you, but rather it is an effort to make you better informed so that you may give or withhold your consent/permission to use the drug(s) recommended to you by me, as your physician. For the purpose of this agreement the use of the word "physician" is defined to include not only my physician but also my physician's authorized associates, technical assistants, nurses, staff, and other health care providers as might be necessary or advisable to treat my condition.

CONSENT TO TREATMENT AND/OR DRUG THERAPY: I voluntarily request my physician to treat my condition which has been explained to me as chronic pain. I hereby authorize and give my voluntary consent for my physician to administer or write prescription(s) for dangerous and/or controlled drugs (medications) as an element in the treatment of my chronic pain. It has been explained to me that these medication(s) include opioid/narcotic drug(s), which can be harmful if taken without medical supervision. I further understand that these medication(s) may lead to physical dependence and/or addiction and may, like other drugs used in the practice of medicine, produce adverse side effects or results. The alternative methods of treatment, the possible risks involved, and the possibilities of complications have been explained to me as listed below. I understand that this listing is not complete, and that it only describes the most common side effects or reactions, and that death is also a possibility as a result from taking these medication(s). *THE SPECIFIC MEDICATION(S) THAT MY PHYSICIAN PLANS TO PRESCRIBE WILL BE DESCRIBED AND DOCUMENTED SEPARATE FROM THIS AGREEMENT. THIS INCLUDES THE USE OF MEDICATIONS FOR PURPOSES DIFFERENT THAN WHAT HAVE BEEN APPROVED BY THE DRUG COMPANY AND THE GOVERNMENT (THIS IS SOMETIMES REFERRED TO AS "OFF-LABEL" PRESCRIBING). MY DOCTOR WILL EXPLAIN HIS TREATMENT PLAN(S) FOR ME AND DOCUMENT IT IN MY MEDICAL CHART.*

I HAVE BEEN INFORMED AND UNDERSTAND that I will undergo medical tests and examinations before and during my treatment. Those tests include random unannounced checks for drugs and psychological evaluations if and when it is deemed necessary, and I hereby give permission to perform the tests or my refusal may lead to termination of treatment. The presence of unauthorized substances may result in my being discharged from your care.

I UNDERSTAND THAT THE MOST COMMON SIDE EFFECTS THAT COULD OCCUR IN THE USE OF THE DRUGS USED IN MY TREATMENT

INCLUDE BUT ARE NOT LIMITED TO THE FOLLOWING: constipation, nausea, vomiting, excessive drowsiness, itching, urinary retention (inability to urinate), orthostatic hypotension(low blood pressure), arrhythmias(irregular heartbeat), insomnia, depression, impairment of reasoning and judgment, respiratory depression (slow or no breathing), impotence, tolerance to medication(s), physical and emotional dependence or even addiction, and death. I understand that it may be dangerous for me to operate an automobile or other machinery while using these medications and I may be impaired during all activities, including work.

The **alternative methods** of treatment, the possible risks involved, and the possibilities of complications have been explained to me, and I still desire to receive medication(s) for the treatment of my chronic pain.

The **goal** of this treatment is to help me gain control of my chronic pain in order to live a more productive and active life.

I REALIZE that I may have a chronic illness and there is a limited chance for complete cure, but the goal of taking medication(s) on a regular basis is to reduce (but probably not eliminate) my pain so that I can enjoy an improved quality of life.

I REALIZE that the treatment for some will require prolonged or continuous use of medication(s), but an appropriate treatment goal may also mean the eventual withdrawal from the use of all medication(s). My treatment plan will be tailored specifically for me.

I UNDERSTAND that I may withdraw from this treatment plan and discontinue the use of the medication(s) at any time and that I will notify my physician of any discontinued use.

I FURTHER UNDERSTAND that I will be provided medical supervision if needed when discontinuing medication use.

ADVANCED PAIN CARE

INFORMED CONSENT - PAIN MANAGEMENT AND ADDICTIONOLGY

I UNDERSTAND that no warranty or guarantee has been made to me as to the results of any drug therapy or cure of any condition. The long-term use of medications to treat chronic pain is controversial because of the uncertainty regarding the extent to which they provide long-term benefit.

I HAVE BEEN GIVEN THE OPPORTUNITY to ask questions about my condition and treatment, risks of non-treatment and the drug therapy, medical treatment, or diagnostic procedure(s) to be used to treat my condition, and the risks and hazards of such drug therapy, treatment and procedure(s), and I believe that I have sufficient information to give this informed consent.

FOR FEMALE PATIENTS ONLY:

1. To the best of my knowledge, **I AM NOT PREGNANT.** If I am not pregnant, I will use appropriate contraception/birth control during my course of treatment.
2. I accept that it is **MY RESPONSIBILITY** to inform my physician immediately if I become pregnant.
3. If I am pregnant or am uncertain, **I WILL NOTIFY MY PHYSICIAN IMMEDIATELY**. All the above possible effects of medication(s) have been fully explained to me and I understand that, at present, there have not been enough studies conducted on the long-term use of medication(s) i.e. opioids/narcotics to assure complete safety to my unborn child(ren). With full knowledge of this, I consent to its use and hold my physician harmless for injuries to the embryo/fetus/baby.

Pharmacy Letter

Dear Valued Patients:

Due to new government regulations, it will be much harder to get pain medications approved through your pharmacy starting, January 1, 2019.

Your pharmacist will be required to call your doctor and discuss your prescription(s). In many cases, this could take days. Also, your insurance company will have increased preauthorization requirements that may delay prescriptions.

We strongly urge you to use our pharmacy to avoid this red tape nightmare. Our pharmacists have access to our electronic medical records and can quickly and seamlessly confirm, communicate and obtain authorization for our prescriptions.

There will be no waiting. Your prescriptions will be ready to be picked-up the next day or mailed to your door within 1-2 days. We will have them in stock.

Another regulation is no pharmacy can fill only controlled substances. We ask that for every controlled prescription, you also fill at least one other non-controlled prescription. Your medications can be transferred with a simple call from our pharmacists. We can also fill medications for your family and pets for your convenience.

Your follow-up appointments will be scheduled about two days before running out of medication, giving your doctor and pharmacist time to satisfy all the new requirements.

☐ If you would like Advanced Rx to become your pharmacy, please check the box.

Please sign below stating that you have read and have been informed about the new government mandated rules for prescribers and pharmacists regarding controlled medication refills going into effect January 2019.

Feel free to speak with me, your provider or any staff member should you need more information.

Sincerely,

Mark T. Malone, M.D.
